- *"As a parent, I feel Canyonside has been the best foundation of education our son could have received. The quality of care, concern and compassion from the staff is genuine."*
- *"I teach 6th grade at Canyonside Christian School. This is my first year here. I have taught at other schools in the Magic Valley but CCS has been the best. I appreciate where God has led me. I have been blessed with wonderful colleagues and parents who believe and respect God's will for children to learn. I have wonderful students in my class who have a heart to learn and are well disciplined. I believe CCS was built to give students a sense of safety to learn at their pace, be respected and find the love of God in the process. This school has done so much for my own children such as boost self-esteem, self-confidence, and find great friends and compassionate teachers as well. It is a well-disciplined school with great teachers and parents who make sure the school/teachers/parents etc. work together for the good of the students."*
- *"My experience at CCS has been a wonderful one. All my three children have been at this school and they loved it. If you want your child to have a good education, then check out CCS. The groups are small in each classroom so your child will get enough attention. They are taught Christian values and learn a lot from the bible. It is a great place to be with wonderful people who work there. They have a heart for the Lord and for our children."*
- *"My family loves CCS. From the first time we walked through the doors to check it out, we have felt so at home. My three children are thriving beyond my expectations in all areas. The teachers are wonderful and you can tell that they love their jobs just by seeing how they interact with the students."*
- *"Canyonside Christian School was a great school to grow up in. The teachers and the staff were all guided by Christ. I learned each day how the studies they were teaching me applied to my Christian walk. Not only is Christ the head of the school, the parents, kids, and staff are being the salt of the earth. I took so many things when I graduated from Canyonside, not only did I know a lot about the Bible, but I also knew how it would help me in my future, and indeed it has. I feel the education I received at Canyonside Christian School was the BEST."*
