

4/19/10

Dear CCS Family,

As many of you have seen, the new trailer has been put into place and we are excited about putting most of our storage things into it. I have 2 boy scouts that are ready to do all of the work for us to fulfill the requirements for the Eagle projects. I am looking for some help in getting the materials. Here is what we will need.

- (10) sheets of 4X8 ½ inch plywood.
- (12) 8' 2X4s
- (1) steel outside door and frame
- Lumber to build forms for ramps and step.
- Thank you to Andgar Corp. for their donation to cover the cost of the cement.
- (2 or 3) 21" x 21" windows. We would prefer to have ones that do not open.
- (2) vents that do not allow wasps into the trailer. These would be mounted on the side of the trailer.

If you can help with any of these things, please contact Mr. Kuka at the office. 324-3444.

- Thank you to everyone who supported our Book Fair. We had a wonderful turn out.
- Today in Chapel we discussed the need to be thankful after we heard the story of 10 lepers that were healed by Jesus. Only 1 of the men returned to tell Jesus thank you. Your discussion sheet asks when should you say thank you.
- If you do not want the image of your child used in the upcoming KMVT commercial, please send in the form that was sent home last week.
- IRI testing will happen next week for K5, 1st, 2nd, and 3rd grades.

Blessings to you,

To God, and God alone, belongs the glory,

Daniel Kuka
